

Making it all the way this year was W3DHM's 261,660-pointer. Bud has been in the running since '46 but really scored big this year, leading all U. S. phone scorers. Bud also took bows for the Frankford Radio Club.

You bet that W3ECR rig got a good workout in this DX Contest. At left is W3MFW who did the singleop keying for U. S. high score of 977,385, and right W3ECR who joined with two other operators on phone.

plier of five was thus earned.

A contest is good only as it can lure new customers into the fold. This writer read comments as to this being first Test try until blue in the face. "I have never been so excited since ham radio found me than I was when I knocked off my first UAØ, and then things started happening which were big game for a novice," enthused KN6TUN. Said K9JWP: "First ARRL DX Contest; what a mess!" K9IYW stated: "My first DX Test. I thought Sweepstakes was a rat-race, but these are the real big rats." (hmmmm, what does that imply? — Ed.) Added WA2CCC: "This was my first ARRL DX Contest, and boy did I get my feet wet in this one. In all I had fine experiences and now that I've been exposed, look out next year!" Oh, yes, 13-year-old W1NJL asked: "Was I the youngest op?" "No!", K8JXK, age 11.

The makeup of any personage is not always peaches and cream. Our Test was no exception. All does not always go well as the following indicate. "Frustrating! Antenna trouble, power supply trouble, very little rare DX," de VE2BP. GM3MCH asked: "Where were those Wyoming and Nevada operators — digging for uranium?" BV1USB was plagued with "a great deal of difficulty in convincing a considerable number of the U. S. gang that my call had a B on the end of it." W3GYF had trouble as follows: "Measles laid me low the second c.w. week end, so I

couldn't operate at W3BES as usual. The difference between a kw./beam layout and my 50 watt/dipole rig was more than slight!" W3CPB sleepily stated: "This is the best ARRL contest of them all — except it is *too long*." Speaking of lack of hibernation, W5NOP commented: "This year I had a bit of bad luck. After a sleepless night in the contest, I decided to cut the lawn but ended up cutting off part of my toe in the lawn mower — too sleepy I guess, hi." W2BUI, having more than his share, added: "First week end practically operated from hospital bed, as I had come home the day before; second week end I had to work overtime; Sunday my DX100 blew up; what a scramble for parts. There's always next year, as the saying goes." W8OOR has "concluded that only four changes are needed to get into the running on the ARRL DX Test: (1) new transmitter (2) new receiver (3) new antenna and (4) new operator."

Of course, the contest was not void of poor operating techniques, but on the whole almost everyone was up to snuff. W4BYU observed: "Splendid cooperation by DX stations." ZE8JJ said: "Not once did a W/VE call out of turn." While VS6DS stated: "Standard of operating of W/VE stations very high." OD6CI said: "No interference until sign off, then — oh my!"

A contest is not void of comment of its participants. Some of the comments made of other stations were as W3ECR said: "I was sure

Not only a fine DXer, but a "snake charmer" as well. XZ2TH keyed his way to 46,284 points and found himself exceedingly popular to the W/VE gang. Brass snakes, of course!

October 1959

From October 1959 QST © ARRL

Tuning up is PAØLZ who doubled his last year's score to top other high scoring PAØs. The rig and operator just can't wait for next year's go sign.

thrilled with the Asians who showed up on 10 — UAØKIA, VS6DS etc. and XZ2TH, VS9MB etc. on 15. On the second c.w. weekend VU2RM was booming through all day on 10 meters." Said W2SDB: "Thinking XZ2TH to be another XE (he was S3 when first picked up), I didn't pay too much attention, but was I surprised when I was able to get his call straightened out, hi." Said W3MWC: "Got a big kick out of working VK9XK on 40. When I changed to 20, VK9XK was the next contact." DL9IB moaned: "Somebody said all the hams in W/K land are from Pennsylvania and the Canadians must be on strike."

The DX Contest is a most interesting character to analyze, as it has so many interesting quirks to investigate. However, in the last analysis, CN8JE put it so apropos: "What a contest!"

### C. W. Highlights

Leading the W/VE parade was Eastern Pennsylvania's W3ECR ably operated by W3MFW with an all time high U. S. score of 977,385 points, accomplishing same with 945 contacts and a multiplier of 345. Close behind was W3BVN with 919,989 points with 859 QSOs and a contest high multiplier of 357. In show position was W8FGX with a 337 multiplier and 865 contacts amounting to a score of 874,515.

A quick check shows that last year 11 W stations topped the half million mark, while this year 21 single-op stations surmounted the half-million mark. Following the top three were the following: W6YMD 865,389, W3GRF 829,260, W2WZ 774,324, W1BIH 709,758, W3ALB 706,680, W9LNM 685,362, K2DCA 657,090, W9YSX 640,845, W4RQR 615,228, W9HUZ 611,544, W1JYH 595,608, W3DBX 552,240, W2JVU 538,269, W4FVR 536,256, W2BYP 523,905, W1LOP 521,118, W9ERU 511,875, W6WWD 509,736.

In the multiple-operator W/VE class, W6RW capably manned by five operators bested the 1956 multiple-operator record of W3CTJ. W6RW surged forward with 850 contacts, a multiplier of 343, for a total of 874,650 points. Twelve other groups topped the 500-K level: W3AOH 865,305, WØNTA 848,736, W4KFC 836,097, W3GHM 832,371, W3MSK 812,175, K6EVR 812,160, W3BES 751,200, W3WV 688,080, W3MFJ 671,892, W3FYS 589,680, W1ICP 571,671, VE2WV 524,124. Special section awards in this category went to W3GHM, W3WV, and W6RCC.

Stations with tremendous one-band multipliers

If that Viking II looks a little warm, it has cause to be. Taking honors for British Columbia on both c.w. and phone for a real rugged workout was VE7ZM.

**QST** for

included W2HMJ with 119 countries on 14 Mc. His total multiplier of 134 was obtained via 134 contacts! W3GAU had 115 countries, W2PCJ 113, and K4PDV 112, all on 14 Mc. W2CYS broke the century mark on 21 Mc. with 103 countries.

The strong Canadian contingent was led by VE4RO's 311,502-pointer followed by other strong finishers: VE2YU 285,735, W0AIH/VE3 284,418, VE7ZM 282,186. Bringing up the rear of the parade with 88 points was Prescott, VE9NG, whose v.f.o. knob jammed on 11 meters. A hearty salute to the VE's for their fine showing!

To get a clear view of the contest on a world wide scale, let us take a world cruise continent by continent. Our regal schooner first takes us to Africa, where Morocco again led. But this year it was CN8JE pacing the field with a score of 326,244. Other leading scorers were EA8BF 200,655, ET2KY 134,640, 5A3TQ 130,778, VQ2AB 108,636.

The long journey to exotic Asia finds JA1VX leading that continent for the third straight year, with 2527 contacts and 477,540 points. The place and show positions both went to Ryukyus with KR6AK scoring 159,432 and KR6BF totaling 118,776 points. Other top scorers were as follows: OD5CI, 101,116, UA0OM 92,655, H5IC 76,260, JA7AD 73,800, UA0GF 64,578. Multiple-operator scores of 100-K plus were received from UA0KIA and UA0KSA.

The plains of Marathon were the scene of a record shattering performance by SV0WP, who broke all previous European high totals with 2800 contacts to score 621,600 great big points. Last year only ten European stations crashed through the 200-K mark, but this year 27 performed the feat! PA0LZ doubled his last year's score to come up with 505,020 points. Competition was keen indeed from Netherlands, as no less than three others scored over 200-K. G4CP set a new mark for England with a score of 357,939. Meanwhile in Germany DJ2HC beat out strong competition, to post a Germany high score of 310,992 points. OZ7BG came through in fine style from Denmark racking up a big 413,220 points. Multiple-operator station UR2KAA posted 384,714 points with 2220 QSOs. One can easily see, records were broken, competition keen, and scores all around on the upgrade, as Europe led the DX contingent in this ARRL DX Competition. It will take a tremendous effort next year to maintain the high scores posted this year.

In North America, our next stop, VP7BT

Shown in the picture is the rig of LZ1AF, who was in rather great demand, enough so to lead Bulgaria with 45,744 points.

joined the select group now consisting of three who have broken the one million barrier. John, running only 100 watts with a pair of DX100s to long wires and a doublet, scrounged up 3344 contacts, a tremendous multiplier of 105, and a point total of 1,053,360! A multiplier of 12 on 160 meters was no small help in attaining the above score. Scores of 300-K plus were also reached by W9KLD/KL7, KP4CC, XE2OK, VP5FP.

Our windjammer then takes us across the majestic Pacific to the islands, known as Oceania, where (yep, you guessed it) KH6IJ came battering through with 987,102 points via 3538 QSOs. Hampered by the loss of 11 meters, Katashi couldn't quite make the one million mark; a superb performance none the less. KH6IJ serves notice that he does not expect to be in the contest in 1960; we'll certainly miss you, Katashi. Two other strong showings from Hawaii came from KH6AYG and KH6MG. Australia was the scene of VK5NO with 439,064 points emerging the victor over perennial winner VK2GW, 334,230. Fourteen other contestants scored over 100-K, for an outstanding performance from the islands.

Our last stop is South America where activity was again in demand. Many stations bemoaned the fact that South America just did not have the activity. *The plea is for more activity from Latin America next year.* Nevertheless, CE3AG led the gang with 1759 contacts and 364,113 points to set the mark for that continent. ZP9AY also posted a fine score of 140,619. Come to think of it, this is not our last stop. Our cruise now takes us to the phone highlights.

Competition was really keen in Germany, with DJ2HC coming out on top. Photo shows the transmitter and antenna tuner and to the right the receiver and electronic keyer. DX work on 80 meters is Wolfgang's specialty.

October 1959

From October 1959 ©ARRL

Petite OH5SL added charm and beauty to the contest in leading Finland on phone with 52,767 points.

### Phone Highlights

The microphone parade was led by W3DHM who talked his way to 261,660 points via 445 contacts and 196 multiplier during a 75 hour talkathon — a real nifty score. Others busting through 200-K were W9EWC 222,950, W1PDF 214,020, W1ONK 213,300, W3ALB 202,608, W8NWO 200,718.

The rig of W3ECR was given another workout during the phone portion with three operators racking up 499 QSOs, 209 multiplier, and 312,873 points, to lead the multioperator teams. Other teams topping the 200-K level were W3GRF 280,368, W3KFFQ 249,244, W8NGO 241,224. Without a doubt these totals helped bring up the scores of the club totals.

Libya's 5A5TO led Africa's phone contingent with 170,748 points, with ZS5JY posting 104,340. Multi-op CN8JE came through with 296,784 points.

The scores from Asia were not very high but the rare ones like XZ2SY, VS6AE, XW8AL, HS1E, HS1C, and VU2RM kept the boys hopping. Top scorer was KA2UJ with 32,364. KA9MF, multiple-operator, also posted 41,400.

Europe turned up some real fine scores with DJ1BZ the top continental scorer with a round 182,000 points from a big 941 contacts and 65 multiplier. Others with heads above the 100-K indicator were EA3JE 167,022, ON4OC 149,267, and UR2BU 107,696.

Old reliable VP9L again led the North Americans with his 228,270-pointer via 1087 QSOs and a multiplier of 70. Others doing a bang up job were XE1AE 213,888, TI20E 206,640, YN4CB 128,592, VP21X 125,850.

KH6IJ again told the story in Oceania with his 421,245-pointer; his 2035 QSOs and 69 multiplier produced the top score of the microphone contest. New Zealand had a close one with ZL1NT's 81,312 nosing out ZL1MQ's 81,180.

VP3HAG upped his score from last year to 197,860 to again lead the South Americans. Following were CE2CC 57,150, OA4V 26,078, OA4DE 20,434. As on c.w., however, the cry went up for more activity from South America.

### The Clubs

Man, the clubs had a swinging time this year. No doubt many of the larger clubs had an all out drive for members to turn in their scores for the winner this year doubled the score of last year's club winner. Emerging from the abyss of third place last year, the club scores box clearly shows the Frankford Radio Club reigning supreme. The Potomac Valley Radio Club did not, however, roll over and play dead. Even after doubling their last year's effort, which was tops then, they still succumbed to the Frankford assault. The west coast also saw a reversal of last year's scores. The Southern California DX Club regained its supremacy over the Northern California DX Club, with a third place finish. It was a close decision though with the latter club finishing a strong fourth. Thirty-seven clubs engaged in the frolic with 27 c.w. and 15 phone people gaining club honors. If this is any indication of what is in store for '60, wow, watch out!

### Disqualifications

The following are deemed ineligible for score listings or awards. In each case disqualification under contest rule 14 was in view of non-observance of FCC rules as reported by at least two accredited Official Observers, or by a single FCC citation. Such violations as out-of-band operation, A2 emission, power in excess of 1 kw. etc. were the criteria for these disqualifications:

One who really raved about the fine conditions was 5A5TO. He had real reason to rave as the bands treated him to 170,748 points to lead the phone men for Africa.

### Twenty-Fifth ARRL International DX Competition

Operator of the station first-listed in each section and country is winner for that area. . . . The multiplier used by each station in determining score is given with the score — in the case of U. S.-Canada this is the total of the countries worked on each frequency-band used; in the case of non-W/K/VE/VO entries it is the total of the U. S.-Canada districts worked on each band. . . . The total number of contacts is listed next. . . . The letters A, B, and C approximate the input to the final stage at each station; A indicates power up to and including 150 watts; B indicates over 150 watts, up to and including 500 watts; C indicates over 500 watts. . . . The total operating time to the nearest hour is given for each station and is the last figure following the score. . . . Example of listings: W3ECR 977-385-345-945-C-81, or final score 977,385; multiplier 345; 945 contacts; power over 500 watts; total operating time 81 hours. . . . Stations manned by more than one operator are grouped in order of score following single-operator listings in each section or country tabulation; calls of participants at multi-operator stations are listed in parentheses. . . . In sections or countries where three or more multiple-operator entries appear, the top-scoring station is being awarded a certificate.
