

12th V.H.F. Sweepstakes Results

DX on 50 Mc. during the 1959 running of the V.H.F. Sweepstakes was not quite up to the record conditions of 1958, so scores and reporting dropped back a shade from the 1958 level. The 12th edition was far ahead of any previous v.h.f. contest except its predecessor, however, and by all indications January 10 and 11 was one of the most exciting and challenging week ends in v.h.f. history. There were smatterings of *F₂* DX, sporadic-*E* skip and aurora — but not enough of any one to make the contest a runaway for any particular kind of DX specialist or resident of a favored area. Everyone seemed to get some kind of break, and as a result contest activity was probably more uniformly spread across the map than ever before.

The tabulation of the 1129 logs received shows 59 ARRL Sections represented, from Maine to San Diego and Puerto Rico to Alaska, but we could find few records broken. The Taylor brothers, K2ITP and K2ITQ, Riverton, N. J., posted the country's top score for a home station again. Using 50, 144 and 220 Mc., phone and c.w., Joe and Hal worked 487 stations in 27 sections, for 35,964 points, just a whisker below their 1958 record. In the single-operator category the leader was W3TXY, Philadelphia, who won the Eastern Pa. Section, working 332 stations on 50 and 144 Mc. for 18,042 points. W2BLV, Haddonfield, N. J., Southern New Jersey winner, also worked 332 stations, but with a lower section multiplier came up with 17,264 points. George worked 50, 144 and 432 Mc. The greatest number of contacts by a single operator was 404, the work of W3HYJ. Catching only 10 sections dropped him back to the No. 3 spot in the country.

Some phenomenal scores were turned in by Middle Western v.h.f. men. K9DOE and W9ROS swept the Chicago area clean on 50 and 220 Mc., with 290 and 303 QSOs, respectively. Extra sections snagged on 6 paid off for K9DOE, enabling him to lead his rival for Illinois section honors by 60 points, with a total of 13,392, the best outside of the Atlantic Seaboard's high activity concentrations. W8RLT, Livonia, Mich., worked 169 stations on 50 and 432 Mc., for 9184 points.

Stations on the East and West Coasts made good use of *F₂* DX chances on 50 Mc. to run up impressive section totals. Leader in this category was W6BAZ, Santa Rosa, Cal., with 29. Paul was heard over a longer period on the East Coast than about any other westerner. K6TYW, San Mateo, and W1OAK, Orange, Vt., shared second place in sections worked, with 25. The latter, Ann Chandler, former Vermont SCM, used c.w. effectively during the aurora periods, providing con-

tacts with that hard-to-get section for 65 6-meter operators. W2ORI, Lockport, N. Y., showed that sections can be worked on 144 Mc., too. John caught 18 of them on that band alone. He was the only award winner (WNY) who used only 144 Mc.

Some fine totals were run up on one band. Helen Harris, W1HOY, Medfield, Mass., led the field on 50 Mc. with 236 contacts in 18 sections, for 13,216 points and the Eastern Mass. honors. Not far behind was 2-meter man W2BV, Mini-

Dick Wilborg, K2HLA, Packanack Lake, N.J., worked 278 stations on 50 and 144 Mc. for 13,344 points, to win the Northern New Jersey section award in the 12th V.h.f. Sweepstakes.

tola, N.J., with 232 in 17, for 12,528. K9HWY, Chicago Ridge, Ill., worked 251 stations on 50 Mc. for 12,450. Down in Arlington, Texas, Betty Becker, K5MJW, found 156 stations in 16 sections to work on 6, for 8086 points. Best contact total on 144 Mc. was 236 stations, by W3IBH, Philadelphia. Charlie's section total was low, so he had only 8024 points to show for this effort. At least two Novices showed that respectable scores can be made, even in the unpopular part of one band, and with a 75-watt power limit. KN3DLO and KN1GRF both worked 108 different stations, for 2808 and 3034 points, respectively.

As always in the V.H.F. SS, it was the clubs that made the contest the huge success that it was. Making it four in a row, and seven out of the last eight, the South Jersey Radio Association once more demonstrated their supremacy in the v.h.f. contest field. The Dayton Amateur Radio Association poured it on this year, in a determined effort to oust SJRA, but they missed by a considerable margin. The DARA finish was their best yet, however, and SJRA cannot relax too much. The Dayton gang have shot up from ninth to sixth, fourth and now second, since 1956. The Mt. Airy V.H.F. Club of Philadelphia moved up two notches, to third place, dropping the Midwest V.H.F. Club from second to fourth. A newcomer to the first five this year is the 6-Meter Club of Chicago, in the fifth spot. Two long-time rivals had to make way here. The Hampden Country Radio Association and the Hartford County Amateur Radio Association slipped to sixth and seventh in the national club ranking, their private contest being won by the former by a mere 199-point margin. The 50 clubs in the tabulation represent an all-time record.

July *QST* is the latest that a V.H.F. SS has ever been reported in print. The large volume of logs is partly responsible, but the main factor is the haphazard nature of some of the reporting. Standard forms are available free of charge, to make record-keeping easy for every participant. If you don't have these at the last minute, the form reports should take is spelled out clearly in every contest announcement. Care in making out contest logs, and in following through on the rules regarding club entries would speed up checking here by many man-hours. Please study the rules, and do your part!

SCORES

In the following tabulation scores are listed by ARRL divisions and sections. Unless otherwise noted, the top scorer in each section receives a certificate award. The highest-scoring Novice and Technician also receives a certificate in each section where at least three such licenses submitted valid contest logs; footnotes denote these winners. Columns indicate final score, number of contacts, number of different sections worked, and the bands used. A represents 50 Mc., B 144 Mc., C 220 Mc., D 420 Mc., E 1215 Mc. or higher. Multioperator stations are shown at the end of each section tabulation.

Strays

A couple of friendly hams: Two Ohio hams selected lots for new houses on Hickory Ridge Avenue in Brunswick. W8BID discovered his house number was 73 . . . W8NYX moved into 88.

Remember the lucky guy, Don Murray, who starred opposite Marilyn Monroe in "Bus Stop"? Ham Don Murray, in North Miami, Fla., says the phonetics of his call, KN4FMA are: Famous Movie Actor. Who says the FCC gives these calls out by chance? Unfortunately, KN4FMA is not actor Don Murray.
