

# ● 1965 Novice Roundup Results ●

February 6-21 activity brings reports from 371

**T**HE best way to realize just how far the Novice Roundup has progressed since the report of the first NR in a 1952 *QST*, is to compare reports. The first test had 92 Novices report, the 1965 affair has 272. The first one had 15 non-Novices report their efforts, while this report contains reports of 99. Novice and non-Novice participation has come a long way and as you might expect, scores have increased correspondingly. The top score over-all reported in 1952 was 6392 points. Fifty-five Novice entrants topped this mark in 1965 with the highest score by a Novice that of WNØKHD of Minnesota, just topping 20-K. All 52 section leaders will receive handsome certificate awards, scheduled for mid-July mailing.

## SOAPBOX

"These one minute QSOs are fun!" — *WN3BSV*. . . . "I worked sixteen new states." — *WN3CMH*. . . .
