

June VHF QSO Party Results

REPORTED BY AL NOONE,* WA1KQM/WB6SAZ

EACH YEAR on the second weekend of June, VHFers throughout the USA and Canada prepare to participate in the June VHF QSO Party, held this year June 12-14, 1971.

While conditions appeared no more than normal, poor in some areas, there were still some good 50 MHz *E* openings to make the party worthwhile. To give you some idea of activity, let's take a quick look around the country. WA1MUG (WMass) worked most states East of the Colorado border; VE3ASO/3 (Ont) QSO'd all but the W6/7 call areas. W4SGI and WB4HEL/4 (Tenn) worked North as far as Manitoba, West to Arizona. K5WVX (Okla) and WA5HNK (Tex), taking advantage of extensive *E*, managed QSOs in 50 and 43 sections, respectively. The only area escaping them appears to have been the Pacific Northwest. In California K6BPC/6 worked as far East as Tennessee and Texas, North to Idaho and Washington. K6YNB/7 (Nev) managed two-ways with most of the Gulf states; WA8PLZ (Ohio) got out as far West as Wyoming and K9UYK/Ø (Iowa) made contacts as far East as New Hampshire and Florida.

Logs were received from 387 participants representing 67 sections and Mexico. This is a slight decrease over last years 412. Certificates are scheduled for an October 15th mailing.

Single-op multiband entries were led by WB2SIH (ENY) with a score of 24,426 (ABCDE). Second place goes to K3WRVY (EPA) with 17,220

(ABCD). And third, to K1AGB (EMass) 13,090 (ABCD).

The rest of the TOP TEN are as follows: WA2FGK 12,840 (ABCDE); WA1JLD 12,720 (AB); K9HMB 11,220 (ABD); K1GYT 10,812 (AB); K4FKD 9300 (ABD); K2YCO 9295 (ABCDE) and K8WKZ 9020 (AB).

Single band leaders were (50 MHz) K8LEE 8120; WB5AEH 6944; WA8PEB 6720; WØPFP 5600 and WB4JDQ 4320. On (144 MHz) WA2DPF 2175; W3LUL 1640; W2AQT 1394; K2YFE 1088 and W1JSM 1008.

Canadian High Scorers were VE7ANP with 450 points on 50 MHz and VE3DSS with 408 on 144 MHz.

Multiop scores were fantastic! WA1MUG, the Mt. Greylock Expeditionary Force, lead the pace with 101,088 (ABCD). Not too far behind was W1DC/1, the 1200 Radio Club, at 90,307 (ABCDE). A close third place goes to WA2WEB/2, the East Coast VHF Society, with 89,572 (ABCDE). Other excellent scores were submitted by K1PXE/1 75,854 (ABCDE) and W3CCX/3 73,040 (ABCDE).

High Canadian multiop was VE3ASO/3 at 24,857 (ABCD).

Section totals were high. K1GYT had 42 (50 MHz) sections; W2AZL had 21 on (144 MHz); K1AGB, K9AQP/1 and WB2SIH tied with 10 on (220 MHz); K2RIW and W2OMS tied with 16 (432 MHz) and K2JNG had 6 on (1215 MHz). Multiop section totals went as follows: K5WVX - 50

* Asst. Communications Mgr., ARRL.

Over 100 of this year's entries were multiops. Here's W3CCX/3, the Mt. Airy VHF Radio Club, operating from Bucks Co. in Eastern Pennsylvania. Pictured above are their towers holding the 50, 144 and 220 MHz antennas while to the right, the 432, 1296 and 2300 MHz tent and 6' parabolic dish.

DIVISION LEADERS

Single Op.	Division	Multiop.
K3WRY	Atlantic	W3CCX/3
K9HMB	Central	WB9HUC/9
WA0WZY	Dakota	WA0DMS
WA5QBX	Delta	WB4HEL/4
K8WKZ	Gr. Lakes	WA8PLZ
WB2SIH	Hudson	WA2WEB/2
W0PFP	Midwest	K9UYK/0
K1AGB	New Eng.	WA1MUG
W7FN	Northwestern	K7WXW/7
K6YNB/7	Pacific	K6TJL/6
K4FKD	Roanoke	WA4WZQ
K5EFW	Rocky Mt.	WA0PHZ/0
W4OJU	Southeastern	WB4TON/4
W6NLO	Southwestern	K6BPC/6
WA5ZUC	West Gulf	K5WVX
VE3CRU	Canadian	VE3ASO/3
XE1AAN	Foreign

sections on (50 MHz); WA2WEB/2 - 31 (144 MHz); WA1MUG - 16 (220 MHz); WA1MUG and WA2WEB/2 tied with 18 (432 MHz) and W1DC/1 had 11 on (1215 MHz).

A welcome surprise was an entry from XE1AAN of Jalisco, Mexico who gave a foreign multiplier to 106 participants in 25 sections on 50 MHz. Thanks, John.

And finally, some time in the future may we suggest that each and every serious VHF contestant take a close look at the present VHF contest formats with an eye towards possible areas of improvement. Get together with your club, consolidate your thoughts, and put forth your recommendations to that member of the ARRL Contest Advisory Committee nearest you. They are: W3GRF (chairman), W1AX, K2KIR, W3WJD, W4UQ, W6DQX, KH6I, W0HP and VE2NV.

Activity in VHF contests has been slowly, but surely, dropping. Let's reverse the trend!

We had some very good band openings this year and believe we worked more different sections than ever before. - W4GZX/4. Sporadic-E conditions not up to past years. No openings to areas east of Alabama and, other than XE1AAN, no double hop openings. - W8UCI. With two skips into the Southwest, we were able to work Mexico. - W2OW. My XYL should receive a special award. This was our first wedding anniversary and she spent it on Black Mountain cooking for WA8TYF and myself. - WA4CQG/4. Es on 50 MHz was good in the early contest hours to the East Coast and Gulf area, although, not what could be considered "wide-open". - K0LCB. Heard WA4CQG/4 and WA4ELH in Kentucky but no contact. - WA8LLY. No noticed openings on 6 other than an occasional opening down to Texas and a fairly constant path to Ohio. Two meters was open with S9 signals from Ohio and Canada for a short period due to a little tropo. - W2FCL/3. Real glad for my 12 sections on six especially Arizona and Mississippi which were new ones for me. - WB4KGW. Ground wave conditions were good on 6 and 2 meters with some very weak tropo on 2. - WB2OZA. Heard almost all states up to the borderline of Nevada. - K8NOW/8. First contest I have worked after being licensed for about ten years and I absolutely enjoyed it. - K4NHO/4. The 50 MHz activity pretty good this contest, but 144 MHz virtually non-existent from my perch atop Big Savage mountain in Western Maryland. - WA3NZL/3. Other than a few minutes of E openings, except for a two-hour opening to WA5HNK only, we were eclipsed here in the West by the Easterners. - K7ICW. This years contest was great, 50 MHz ssb was the place to be. Worked XE2XN and XE1AAN, VE3CUA was worked on scatter. - WB9EDP. The stiff competition from fellow N.C. stations and the terrific band opening in the west certainly kept things hopping. - WA4WZQ. Had openings to the West and Southwest, band conditions good. - W8TTU. Please thank all those who answered my CW CQs, a fine bunch of hams. - WA2MZH. Good skip Saturday afternoon, heard stations mainly in SE part of the country. Next morning the band opened suddenly to VE3 and I worked three, one after another, the first I had ever heard. - WA0VJF. I believe it would promote better interest and activity if each foreign country were counted as a separate multiplier. - W3KMW. First contest for most of our gang and it was a lot of fun. I was impressed by the large number of sharp cw operators on 50 MHz. Have you ever considered moving the contest to earlier in June? Seems like conditions may be better at that time. - W7EXM.

SCORES

In the following tabulation, scores are listed by ARRL divisions and sections. The top single-operator scorer in each section receives a certificate award. Multiple-operator scores are shown at the end of each section tabulation; in sections where at least three such entries were received, the top multiplier operator scorer receives a certificate award. Asterisk following call indicates Headquarters staff member, ineligible for award.

Columns show final score, total number of contacts, section multiplier, and bands used. A represents 50 MHz.; B, 144 MHz.; C, 220 MHz.; D, 432 MHz.; E, 1215 MHz. and above.

Here's the gang at VE3ASO/3. Their combined effort netted 346 QSOs in 67 total sections for a final score of 24,857.
