WB2LAI/4

REPORTED BY RICK NISWANDER, * WA1PID/WA8VRB

A SUNDAY AFTERNOON and evening aurora that covered most of the East and Midwest saved the September VHF QSO Party, held September 8 to 10, from being without a good opening of any kind. Out west a short opening along the Coast saved the day also.

Single op honors go to K2OWR with 32K. In addition to setting a new Hudson Division record, this score is also a new single op high for the September brawl. Nice job, Bill.

Second spot goes to VE3ASO, with a nice 18K showing. This handily breaks the Canadian Division single op record of 10K set by VE2SH in 1968.

The Northwestern Division recorded new highs in both the single and multioperator classes. In solitary fashion, K7BBO bettered his own 1971 record with a 2940 point showing. The group at W7DNU/7 snapped a year old multi record, garnering 5160 points this time.

Other multi groups did quite well also.

K5WVX set a new West Gulf Division multiop record with a 5181 point showing. This breaks his own mark of 3K set in 1971.

The Great Lakes Division high set by W8CCI was raised 4000 points by WA8PLZ with a 44K

performance — good enough for fifth spot nationwide.

WB2GKE/2 just managed to set a new Hudson Division mark, topping the old record of WA2WEB/2 by 386 points. The GKE gang is again planning to set up at Mt. Equinox in Vermont for the June bash next year.

Returns were down about 13% this year to 245 total entries. Awards are scheduled for a January 15th mailing.

Top Ten — Single op — K2OWR 32,720, VE3ASO 18,816, K1JDY/3 15,378, K1PXE 14,202, WA1NGR 12,240, K6YNB/6 10,296, WB8BGY 10,176, W2EIF 9735, K1GYT 9628, WA3QPX 9405

Multiop — WA1MUG 103,828, WB2GKE/2 50,480, W1GGM/1 45,494, WB2ZVS 44,320, WA8PLZ 44,019, WB2KKO/2 31,350, WB2LZD/3 28,329, W8CCI 26,532, WA2KHL/2 12,512, K9HMB 9964

Soapbox

The aurora livened up an otherwise dull contest on 6 meters. — (WB2KLD). Would like to see some more multi-op stations in Virginia to provide some competition. — (WB2LAI/4). Extreme lack of activity in central California and no band openings

* Asst. Communications Mgr.

* Multioperator Station

on 6 meters didn't help any this year. — (K6HXW/6). Yankee land sounded real good here in Arkansas during the Sunday afternoon buzz session. — (WSTDP). Heard many signals on 2 meter aurora but with only 50 watts out didn't have many takers. — (WA1OLK). Very cold and windy on top of Mt. Equinox. Band conditions were a little below average except for the aurora. — (W1GGM/1). Last June we had September conditions. This September, we had January conditions. — (WA1MUG). Propagation was nil except for a fine aurora. — (WB0BBC). After 35 years of VHFing I'm finally getting things glued together. — (K6JKQ). Other than wrecking Jeep, blowing up a generator and getting rained on it was a pretty normal contest. — (WB4JGG/4).

SCORES

In the tabulation to follow, scores are listed by ARRL sections within W/VE call-areas. Unless otherwise noted, the top scorer in each section receives a certificate award. An asterisk denotes a Hq. staff member, ineligible for an award. Columns indicate final score, number of contacts, number of different sections worked, and bands used. A represents 50 MHz, B 144 MHz, C 220 MHz, D 420 MHz, E 1296 MHz and above. Multioperator stations are shown at the end of each section tabulation.

Overlooking Los Angeles and utilizing all the cushy comforts of home is the multiop group at W6VPZ/6. The antenna at left is 4 elements for 6 and at right is 20 elements for 2. Not shown above the 2-meter beam is an 11 element vertically polarized beam for 220.
