

2026 ARRL International DX Phone Contest Results

This year's ARRL International DX Phone Contest was held March 7 – 8, 2026. The next ARRL International DX Phone Contest will be held March 6 – 7, 2027.

Once again, we saw great competition in ARRL's biggest phone contest of the year. The 2026 ARRL International DX Phone Contest was one of the last with these great solar conditions. Next year's contest will see worse performance on the high bands, and more focus on 40, 80, and 160 meters.

Conditions

The submitted logs support the theory of solar conditions still being favorable to the high bands, with 15 and 10 meters representing approximately 60% of the contacts made. There were some reported active thunderstorms during the weekend that brought a damper to the low bands, especially 40 meters.

Participation

This year's contest saw 3,822 entries, a slight downturn from last year and the year prior. This does not mean the bands weren't packed as ever, with 1,246,268 contacts made over the weekend.

We had a lot of reports in the ARRL Soapbox of rate tapering off, and a seeming decline of W/VE folks for

the DX stations to work. The data backs this up, but hopefully we'll see participation track back up next year once everyone recovers from the World Radiosport Team Championship.

Overlays

Selecting an overlay when you submit your log lets you track your performance across a specific shared set of operating conditions. There are two overlays for ARRL DX contests: the Youth overlay, which is for all operators under 26, and the Limited Antennas overlay for those operators without a major antenna system to play with. Every year we see an increase in competitive scores from these youngsters. This year, the talented Levi Jefferies, K6JO, came back to the US and brought the N1DE station in Maine to more than 4 million points as a Single Operator, High Power entry. This was his last year of Youth overlay eligibility, so next year he'll be out in the wild. In the world of Limited Antennas, John Evanson, WJ1U, won W/VE with some doublets in his yard, crossing the 1-million-point marker.
