

Club President Field Day statement

I attest to the following of the Brunswick Shores ARC operation for Field Day June 24th through the 26th of June, 2022.

Our operation used a portable generator to power all of our equipment at the Field Day site located at The Calabash Town Park, 868 Persimmon Rd. SW, Calabash, NC 28467

During the operations the town Mayor Pro Tempore Joseph Nance and Commissioner Frank Drury visited our operation at the Town Park. We work closely with the Town and the towns emergency management.

We set up an information table with a twenty-minute video about amateur radio narrated by N2COP Bill Morine.

Our media chairman KJ4MFS Gary Pethe had several articles written about our Field Day operation in the State Port Pilot but also The Brunswick Beacon. He posted an items on Facebook prior to Field Day and During Field Day to the Brunswick Shores Amateur Radio Club. He posted our club logo and photos to our Facebook page.

Attested this day July 13, 2022

A handwritten signature in blue ink that reads "George Fryer". The signature is written in a cursive style with a large initial "G" and "F".

George Fryer

President
