

# W4UA Field Day 2020 Recap

High Point Amateur Radio Club  
High Point, NC

# W4UA Field Day 2020

- Number of participants: 21 (2019: 33)
- Entry Class: 3A (Commercial)
- Total number of digital/CW QSOs: 306 (2019: 176)
- Total number of phone QSOs: 538 (2019: 730)
- Total QSO count: 844 (2019: 906)
- QSO points 2300 (2019: 2164)
- Bonus Points: 990 (2019: 1010)
- Total Score: 3290 (2019: 3174)

# W4UA Field Day 2020

This total score (3290) last year would not have changed our place in the US in the 3AC category in 2019 (we were 5th last year) Not too shabby for us!

# W4UA Field Day 2020 Highlights

- 15, 20, 40, 80 meters were about equal
  - 40m SSB was tough, a lot of competition for the airwaves
- Many more 10m QSOs than past years
  - Even a couple of QSOs on 6 meters!
- 2 out of 3 QSOs were 1D and 1E (home stations)
- 70 out of 83 different ARRL / RAC sections worked
- No radio or antenna casualties this year
- We weren't able to put together a GOTA station this year
- Everyone respected the present conditions, tables were sanitized multiple times
- 165 CW QSOs (WF4I and ND4S knocked it out of the park)
- Visitors: City of High Point (P&R), and the HPPD breezed through in the middle of the night (without stopping)
- Media Coverage: George sent out a nice press release; too many other stories in the media that weekend
- No Rain? Say it ain't so

# W4UA Field Day 2020 QSOs by Mode

Picked up K1JT (the inventor of FT8) on FT8

Even tried FT8 on 2m SSB – no joy
